Presentation: England Coastal Path Project

The England Coast Path is a new national trail around England's coast. Natural England will soon be starting the development of the Coast Path around the Humber Estuary. This talk will give forum members an introduction to this process.

Future meetings

As discussed at Humber Nature Forum meetings during 2015, we are keen to encourage closer a relationship between the Humber Nature Forum and the Humber Environment Managers' Network. Humber Nature Forum Members are therefore also welcome to attend the following Humber Environment Managers meetings in 2016.

Further details and agendas for all of the meetings detailed below will be circulated in due course.

7 th September	Humber Nature Forum meeting
5 th October	Environment Managers' Network meeting at the CATCH Centre, Stallingborough
